

We are glad to announce that Incubatees of **BSC BioNEST Bio-Incubator (BBB)** are continuously working towards development of innovative solution to combat **COVID 19 (Coronavirus) pandemic**.

To urgently develop safe and effective Biomedical solutions against SARS CoV-2, Department of Biotechnology and Biotechnology Industry Research Assistance Council (BIRAC) had invited applications for COVID-19 Research Consortium. Through a rolling multitiered review mechanism, 70 proposals of devices, diagnostics, vaccine candidates, therapeutics and other interventions have been recommended for receiving financial support.

One of our Incubatee **Shine Biotech Pvt. Ltd** is selected and recommended by DBT-BIRAC COVID-19 Research Consortium for funding support. The Company will receive financial support for development of rapid diagnostic kits.
