

## **Vaxfarm Life Sciences has opening for following positions**

### **Position 1: Research Scientist (1)**

*Qualification: Ph.D./M.Sc./M-Tech Biotechnology/Microbiology/Life Sciences*

*Experience: 3-5 Yrs.*

**Location:** Delhi NCR/Faridabad

**Tenure:** Initially for 2 Years (to be renewed based on performance)

#### **Skill Sets Required:**

- Upstream/Downstream or both process development, scale-up for **VLP Based Vaccines, Viral Vaccine and Bacterial Vaccine.**
- Exposure and experience working on Bioreactors, HPLC, Akta Purifier.
- Analytical, Bio-Analytical assay development such as SDS-PAGE, Western Blot, LC-MS, Isoelectric focusing (IEF), UV spectroscopy, Transmission Electron Micrograph (TEM), Dynamic light scattering (DLS)
- Designing experiments for process development and optimization for vaccine
- Planning and execution of the relevant experiments and managing day-to-day activities
- Document preparation: SOP/BPR preparation, process qualification/validation etc.
- Data compilation and report preparation for conducted experiments
- Literature review related to the novel/new processes and technologies

**Tenure:** Initially for 2 Years (to be renewed based on performance)

### **Position 2: Trainee Research Scientist (1)**

*Qualification: M.Sc./M-Tech Biotechnology/Microbiology/Life Sciences*

*Experience: 1-2 Yrs.*

**Location:** Delhi NCR

**Tenure:** Initially for 1 Years (to be renewed based on performance)

**Skill Areas:** Hands on Experience in Molecular Biology, Cloning, and Recombinant protein expression in Bacteria/Pichia/Mammalian host, Bio-analytical technique DNA, RNA Isolation, RT-PCR, Bio-Analytical Assay development. Good Writing Skills

### **Position 3: Project Trainee/Research Interns (2)**

*Qualification: M.Sc./M-Tech/B-Tech Biotechnology/Microbiology/Life Sciences*

*Experience: 0-1 Yrs.*

**Location:** Delhi NCR

**Tenure:** 6 months (to be renewed based on performance)

**Skill Areas:** Hands on Experience/Exposures on Cell Culture, Cloning, and Recombinant protein expression in Bacteria/Pichia/Mammalian host, Molecular Biology and Bio-analytical technique and Lab related work.

Interested candidate may please send their CV's to [vaxfarm@rediffmail.com](mailto:vaxfarm@rediffmail.com)

**Disclaimer: This opportunity is available with BBB incubated company. Please note that this position has no relationship with the Regional Centre for Biotechnology.**
