

Hands-on Workshop on Microbial Techniques

16th June - 17th June 2022

Organised by

BSC BioNEST Bio-Incubator (BBB)

Call for Application

A leading **Bio-Incubator** located in the National Capital Region on Faridabad-Gurugram Expressway, with a vision to foster innovation, research and entrepreneurial activities in biotechnology related areas, is organising a 2-days, hands-on training workshop on Microbial Techniques.

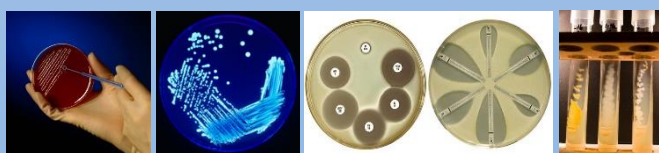

The training has the flexibility to accommodate beginners, candidates previously trained but not practicing and those with theory background but lacking practice. In addition to acquiring strong theoretical foundation in Microbiological techniques, participants will be introduced to different techniques used in isolating and maintaining microbial cultures and to determine antibiotic susceptibility pattern, inhibitory concentration and cidal activity of bacteria.

Lecture Topics

- ❖ Isolation and maintenance of pure culture
- ❖ Antimicrobial susceptibility testing
 - ❖ Various terminologies
 - ❖ Principle
 - ❖ Procedure
 - ❖ Different methods
 - ❖ Application

Hands-on practical session

- ❖ Pure culture isolation techniques
- ❖ Antimicrobial susceptibility test
- ❖ Minimum inhibitory concentration and minimum bactericidal concentration
- ❖ Microbial culture preservation techniques

Registration Details

Interested candidates can apply at the link given below and payment link will be shared with registered candidates
<https://docs.google.com/forms/d/1HqZwI2wNFGno4y70YWpafIZdfN-AJxAFBDW3pYi54T4/edit>

Last Date: 30th May 2022

Registration Fee: 500/participant

Venue: BSC BioNEST Bio-Incubator,
Regional Center for Biotechnology,
Faridabad, Haryana, 121001

**Certificates
will be
provided**

Eligibility: B.Tech/B.Sc./M.Tech/M.Sc. students (pursuing/completed)

Limited Seats

**HURRY
UP!**
